## Régis Loevenbruck | Château de Cruscades

This domaine of forty hectares is lucky to have been restored by the talented Régis Loevenbruck, who conjures sumptuous, complex wines from a vast range of grapes (Syrah, Carignan, Grenache, Mourvedre); the secret is in his time-consuming, tailor-made vinification, enhancing the character of each of these varieties, and then in the skill with which he blends and ages them.

### Wine range

- Vin de Pays d'Oc
- Corbières
